

Tax Cut Extension Moving Toward Veto By President

WASHINGTON (AP) — The House is preparing to pass a bill extending 1975 tax cuts into the new year. But Americans may see their taxes increase on Jan. 1 unless the lawmakers can override a presidential veto.

The House was expected to pass the six-month tax cut extension today, sending it to the Senate for swift approval. But President Ford is ready to reject it because it lacks a ceiling on federal spending for the 1977 fiscal year.

"The issue now is whether taxpayers get a big tax increase in January," House Ways and Means Committee Chairman Al Ullman, D-Ore., said Tuesday.

A quick veto could return the bill to Congress in time for an override attempt before the year-end recess, expected to begin later this week.

In what amounted to a test vote on whether the anticipated veto can be sustained, the House refused Tuesday night to rush the bill through to the Senate under a legislative shortcut procedure.

The bill's backers fell 22 votes short of getting a two-thirds majority required for passage under this quick-action procedure, thus casting doubts on the possibility of mustering a similar two-thirds majority necessary to override Ford's expected veto.

The vote found 256 in favor of passing the bill under a process known as suspending House rules and 160 against.

Ullman did not seem to feel that the procedural vote indicated a lack of House ability to override Ford's veto.

After the House vote, Ullman told reporters, "I think we are in a better position now to appraise the chances of overriding a veto.... I expect an all-out effort by the Democratic leadership and the Democrats.... I think we will have more Republican votes than we had today."

When it comes to the issue of "whether the constituents get a big tax increase, there will be some changed votes and we have a good chance to override," Ullman added.

Here is what the bill means to some typical taxpayers with average personal deductions of 17 per cent of income:

—A single person making \$17,500 a year would pay \$3,145 yearly in taxes if the bill is not passed. Under the temporary 1975 tax cut law he will owe \$3,115 next April and under the congressional compromise legislation would owe \$2,965 in April 1977.

—A married couple with two children and a \$17,500 income would pay \$2,156 yearly in taxes if the bill is not passed. Under the temporary 1975 tax cuts, the couple will owe \$2,036 next April and under the compromise bill would pay \$1,976 in April 1977.

The tax cut, enacted this year as an economy boosting measure, expires automatically on Dec. 31 unless extended by Congress.

The congressional compromise terms were reached at a public tax-drafting session of Senate-House conferees. Traditionally, these meetings, where the final version of tax bills is produced, have been held behind closed doors.

amendment could be sought to freeze the nonvoted increases permanently, possibly using the date Dec. 31, 1977, as the point of fixed value. After that, any increase in property taxes could come only after approval at the polls.

Rhodes said he plans to talk to legislative leaders about such an amendment, and indicated he would be agreeable to placing it before voters next year.

Food Output Being Hurt By Air Rules

COLUMBUS, Ohio (AP) — Unrelenting pressure for clean air and clear water might lead to empty plates in America, an assistant secretary of agriculture has warned.

"We've done a pretty good job of reducing the amount of chemical dispersements in our streams and waters but at an enormous cost," said Robert W. Long, assistant secretary for conservation, research and education.

Restrictions on pesticides and chemical insecticides coupled with new regulations proposed by U.S. legislators could have a severe impact on agricultural production, he said.

"We're in the process now of cutting our own throats," Long said. "The price of environmental quality can be too high.... We have to tolerate a degree of risk."

Long also told a conference on U.S. food export policy at the Academy for Contemporary Problems that agricultural production in the United States and other food producing countries cannot indefinitely meet world food demands.

"We think we have about 8-10 years of grace," said Long.

But he contended that the general trends in agricultural production since 1968 have been substantially upward.

He cited an increase in net farm income from \$12.2 billion in 1968 to \$26.1 billion in 1974, calling it "a dramatic change."

Other conferees pointed out, however, that net farm income decreased substantially from 1973 to 1974 and that projections for 1975 are only about \$22 billion — about a \$4 billion decrease from 1974.

Ohio Turnpike Debt Reduced

COLUMBUS, Ohio (AP) — The day of a toll-free Ohio Turnpike is closer to reality thanks to another sizable payment in 1975 in the highway's debt.

Turnpike chairman James W. Shocknessy said Tuesday the debt had been reduced by \$16.1 million this year, leaving \$95.9 million outstanding.

Shocknessy predicted that amount would be retired by the end of 1980, enabling the commission to turn the turnpike over to the state which presumably would operate it free of tolls.

While pleased with the financial situation of the highway, Shocknessy noted that two more fatal accidents were reported over the past month raising the total 1975 count to 24, compared to a record low of 10 last year.

Court Ruling Blocks Postal Rate Increase

WASHINGTON (AP) — The cost of mailing a letter will remain at 10 cents indefinitely under a court ruling that could mark the end of Saturday mail delivery.

U.S. District Court Judge John J. Sirica on Tuesday blocked postal rate increases scheduled for Dec. 28, including a rise in the first-class letter rate from 10 to 13 cents. Postal officials say they will appeal.

The decision is the latest in a series of blows to the financially troubled Postal Service. The service, which had expected to lose \$1.4 billion this fiscal year even with the higher rates, says it will have a \$2.6-billion deficit without them.

Postmaster General Benjamin F. Bailar has said the Postal Service might not be able to afford continuation of Saturday delivery even with an increase in postal rates. He indicated further fiscal problems could lead to an early halt in Saturday service.

After Bailar made that statement, he received a bill for workmen's compensation payments \$161 million higher than expected. That was before Sirica's decision.

The court decision will cost the Postal Service nearly \$7 million every day the higher rates are delayed, a spokesman said.

If Sirica's ruling is upheld on appeal, the Postal Service must once again file for new rates with the Postal Rate Commission. The new rates could be put into effect no sooner than 90 days after the filing.

The Postal Service spokesman said a delay of 90 days would cost about \$600 million and accelerate the deficit rate, which already is at a record level.

In halting the Postal Service's

planned Dec. 28 increase, Sirica ruled that required steps prior to a rate hike were not taken.

A 1970 law orders the Postal Service to get approval of its board of governors for any new rates before filing for the increase with the Postal Rate Commission. The Postal Service only discussed the general outline of new rates with the governors, Sirica said.

"The board must have before it for its consideration at the time it approves the request, the specific rate and fees to be requested, together with supporting data and documentation," Sirica said.

In addition to invalidating the higher postal rates, Sirica also struck down the Postal Service's plan to raise fees on Jan. 3 on a number of other serv-

ices, including registered, insured, C.O.D. and certified mail, special delivery and money orders.

Sirica said the Postal Service failed to file with the rate commission for changes in the fees.

The judge ruled in a suit brought by the Association of Third Class Mail Users and the National Easter Seal Society.

REWARD SAFETY RECORD — The employees of USS Chemicals, Molded Plastic Products plant, Dec., completed two full years of operation without experiencing a loss-time accident. The company, a division of U.S. Steel, stresses safety in the operation of its business. Employees are encouraged to develop safe working habits and to continue them at home and throughout their lives. The U.S. Steel safety program is one of the best in the country and has been a model for

development of government safety regulations. USS Chemicals is rewarding its employees for their safety awareness through distribution of safety awards to about 100 persons. The awards, in the form of 80 different gifts which may be selected from a special booklet, are being inspected by Terry Rife, left, personnel superintendent; Esther Isaac, president of the United Electrical Local 723; and Dale R. Minor, plant manager.

City Council Holds Hearing; Slates Recessed Session

By DAVE AMEY
Herald City Editor

Circleville councilmen completed their year-end "house cleaning" Tuesday by approving six fund-shifting ordinances designed to pay the 1975 bills.

However, the seemingly more important matters of council, including discussion on the 1976 budget, will be taken up when the recessed session resumes 8 p.m. Monday.

Ordinances approved after first readings included:

The transfer of \$425 from the street improvement fund to the gas and oil fund and \$4,500 from the street improvement fund to the payroll account of the city service department;

The transfer of \$250 from the street improvement fund to pay for electrical current used by traffic lights;

The transfer of \$111.21 from the income tax revenue fund to PERS for the third quarter;

The transfer of \$6,545 from the general fund for use by the service department for payroll purposes and to pay the salary of the Municipal Court Judge;

The transfer of \$130 from the police training fund to incidentals and supplies to pay for special paper for the teletype machine;

And the transfer of \$750 from the Federal Revenue Sharing trust fund to pay for improvements to Fire Station 2.

However, ordinances held to first

readings by council would adjust the personnel structure of the city fire department and make clarifications by amendments of sections of the city income tax code.

Councilmen withheld introduction of the 1976 budget ordinance, an ordinance rezoning a section of land off Nicholas Drive, and "other ordinances" until the session is resumed Monday.

The fire department ordinance, which would fix and classify structure of the personnel, is necessary before the department can occupy Fire Station 2 on W. Main St., safety director Ed Ebert said.

Fundamental for the "continuity of authority" are one fire chief, an assistant chief, five lieutenants, and 13 firemen.

Fire Chief Mike Brown said that the department currently has a chief, captain, three lieutenants, and 13 firemen. The current staff reflects changes made this spring in the restructuring.

If the ordinance is approved, civil service tests will have to be administered to fill the assistant chief post and add the two additional lieutenants.

Council appeared to shy away from the cumbersome ordinance that would clarify the administration of the city income tax, deciding to read it in title only.

However, action is expected in the recessed session because, according to Mayor Frank Barnhill, some of the computations in the proposed legislation are based on an effective date of Jan. 1, 1976.

The Mayor apologized to councilmen for the late submission of the ordinance all were given copies just prior to the meeting and had no chance to either read or research it. He noted that it had been tied up in the city solicitor's office.

The ordinance actually clarifies income tax regulations by amending sections of the original ordinance.

It would empower the tax administrator to perform functions of city income tax legislation currently handled by the city auditor and treasurer.

These include the keeping of records, enforcement of the ordinance, determination of tax due and notification, compromising of interest

or penalty imposed by the ordinance, and giving the tax administrator the authority to make recommendations to the Board of Review concerning the abatement of interest or penalties.

The amendments would also define the tax administrator as "That person who is charged with the administration and enforcement of the provisions of the Circleville Income Tax Regulations" and described as the city income tax supervisor.

It would also give the administrator similar duties to the treasurer in the funding and functioning of the department and examination of claims.

The ordinance also establishes that each reporting period for which payment of withheld taxes is not made shall constitute separate penalties for each period or periods; the persons interested in appealing to the Board of Review should forward notification to the tax administrator within three days of notification of the board; and that final returns showing taxes due or overpaid in an amount less than \$1 will be neither collected nor refunded.

A public hearing, well-attended by concerned residents, was held to explain the proposed rezoning of nearly 13 acres of land off Nicholas Drive.

The land is part of an 83-acre tract bounded by Nicholas Drive, Garden City, a line extending from Sharon Rd. to Linden Lane, and Hargus Creek.

Russ Dawley, representing owner Virginia Replogle, pointed out that plans have been started to develop the entire tract. However, the only portion which needed to be rezoned was the 12.95 acres in the area of Clark and Nicholas Dr.

The ordinance, which will probably be introduced at the Monday meeting, calls for the land to be rezoned from a one-family residence district to a multiple family residence district. Apartments are planned there.

Williamsport Gets Gas Line Repair Grant

Federal monies under the Housing and Community Development Act of 1974 have been awarded to the village of Williamsport to replace its natural gas distribution system.

The announcement was made jointly by Congressman William Harsha and U.S. Senator Robert Taft Jr.

The funds, earmarked through a special Housing and Urban Development program dealing with special problems of communities, will cover the complete cost of the repairs.

The Community Development Block Grant was for \$238,000, according to village Mayor Paul Long, who had been anxiously awaiting word of the grant. Engineers for the project will be from the firm, Barrett, Cargo, and Withers.

The village owns gas lines in Williamsport, distributing natural gas to residents from supplies purchased from Columbia Gas of Ohio and Green Springs. The lines, however, have been deemed unsafe, and the pumping system insufficient, according to HUD.

The lines apparently leak between 20 and 25 per cent of the gas pumped through them.

Engineering for the project is expected to be completed by early Spring, Long said. Construction could begin as early as May.

The village is also waiting word on approval of a Federal Environmental Protection Agency grant that would fund 75 per cent of a proposed \$1.5 million sewage treatment facility.

The site of the plant and the proposed process for treatment have been approved, with the ultimate decision pending inspection of the final survey.

ROUNDTOWN

THE last shipment of silver Pickaway County Bicentennial Coins have been received it was announced today by Walton Spangler, Bicentennial Commission chairman.

Persons interested in acquiring these coins should contact any of the local banks or the Circleville Area Chamber of Commerce Office. While no more silver coins will be minted, Spangler noted that bronze bicentennial coins will be minted as long as there is a demand.

NORFOLK and Western Railway has agreed in principle to acquire 1.3 miles of Penn Central trackage in Circleville pursuant to the final system plan of the United States Railway Assn. This will enable the N&W to service those manufacturers in the city previously serviced by Penn Central.

The Penn Central right of way both east and west from Circleville will be abandoned Feb. 27 unless provision is made by another railway company to purchase the trackage.

OPERATION Rudolph got off to a slow start this year and consequently finds itself in need of toys, especially bicycles and gifts for the teenager, according to Robert Jones Jr. who heads up the project each year for the Community Area Council of PICCA.

The project also needs volunteers who are mechanically inclined to repair the gifts. The 6-year-old operation Rudolph annually provides a Yuletide surprise for 600 children and 265 families. In the past, the group has also provided over 100 baskets of food as Christmas gifts for economically disadvantaged families, but this year it is not really stressing gifts of food.

"The public has been very responsive to the operation. It has always been a success and it will be a success again this year because of their support," Jones said.

Persons who have toys, bicycles or other gifts they would like to contribute should contact Jones, 474-6598; Dudley Thomas, 474-8683; or the PICCA office, 474-7452.

Bentsen Sees Employment As Issue

WASHINGTON (AP) — Sen. Lloyd Bentsen says employment will be the leading issue in the 1976 presidential campaign, and restoring optimism to the United States by improving the economy must be the top priority of the winner.

Bentsen, a first-term senator from Texas seeking the 1976 Democratic presidential nomination, believes the Ford administration's economic plans will prohibit full employment until after 1980 and that without economic growth, improvements in education, health care and housing will not be achieved.

Bentsen also made these points in an interview:

—The 1975 tax reductions, some \$16 billion, should be extended but cuts should not be as deep as those proposed by President Ford. Across-the-board spending cuts should also be imposed, a goal generally shared by the Ford administration.

—Oil price controls should be phased out "over a period of months" and price controls on natural gas should be abandoned over a period of years.

—Too much emphasis has been placed on U.S.-Soviet and U.S.-Chinese relationships to the exclusion of traditional U.S. allies and Japan, Latin America and Africa.

—Secretary of State Henry A. Kissinger has failed to "institutionalize" foreign policy in the State Department, making it, instead, "an extension of his own personality."

"I feel jobs will be the foremost issue of the 1976 campaign," Bentsen said. "Healthy, stable economic growth is the key to fighting both joblessness and rising prices."

He said confidence is "the biggest asset and resource this country has," but it has been "fiddled away by this administration and the previous administration because of the lack of credible leadership and because of economic maladministration."

"We can't restore optimism, put people back on payrolls, stop inflation, provide for health care, education, housing and the other concerns of Americans without a reasonable growth in our economy. This must be our No. 1 priority."

His economic positions are built around three suggestions.

He has proposed offering a tax credit to encourage increased hiring. He would create a youth employment service to reduce unemployment among young people and he would establish a "national job clearinghouse" to link the unemployed with jobs throughout the country.

The senator said the employment tax credit would cost nothing, because the reduced tax receipts would be balanced by a greater saving in reduced unemployment compensation payments by the government.

"I'd give a 10 per cent employment tax credit on the first \$8,000 of salary for hiring the unemployed who have been out of work for at least six weeks," he said. The six-week provision would prohibit employers from simply hiring each others' workers. Hiring would be required at levels greater than in 1974 or 1975.

He predicted that such a scheme would produce "permanent jobs, not make-work jobs" for 600,000 to one million persons in two years.

Bentsen says substantial budget cuts in all areas of government, which he advocates, would not damage attempts to reduce unemployment if the cuts are coupled with certain adjustments.

"We have to get a handle on government spending," he said. But Bentsen refused to say how much he wants cut or where it should be cut until President Ford submits his budget proposals in January.

He said a key to fighting inflation would be reduced lending interest

rates and that as president he would put pressure on the Federal Reserve Board to bring about lowered rates.

Bentsen favors removal of price controls from oil and natural gas to assure producers that the return on their investment will be sufficient to make continued exploration for more supplies worthwhile.

"Federal regulation has discouraged exploration for natural gas and encouraged waste of natural gas for 20 years," he said.

He believes the United States will never be able to eliminate all oil imports, but that with increased domestic production and emphasis on energy sources other than oil, virtual energy independence can be established at some unspecified future date.

Use of coal should be increased, he said, and solar energy should eventually become a "cornerstone of our national energy policy."

Bentsen criticized what he said was the failure to present a united front with other oil consuming nations in dealing with the Organization of Petroleum Exporting Countries.

"We have a big bargaining tool if we can get these consumer nations ... to bargain together against the OPEC countries," he said.

Bentsen said he has someone in mind for the position of secretary of state in any Bentsen administration, but he refused to name him.

"I'd be looking for one that would not be concentrating so much on just China and Russia," he said. "My

secretary of state must possess greater expertise in economics, must place higher priority on openness in the process by which we develop foreign policy, and must be far less insistent on running the whole show....

"I'd be trying to trade more where I thought we'd get a quid pro quo. I think there's been too much concern with coming home to some television extravaganza to try to display an aura of success without enough concern for the details of the trade."

Bentsen said he favors continued attempts to reach a strategic arms limitation accord with the Soviet Union, but he refused to specify what it should include, citing a lack of information from the executive branch on which to base an opinion.

Company Plans End To Operation

MILLERSBURG, Ohio (AP) — Rohr-Flexible Co. will phase out its operations here during the first three months of 1976, company administrators say.

A decision was made to move the seat building operations in Millersburg to Loudonville where the firm manufactures buses.

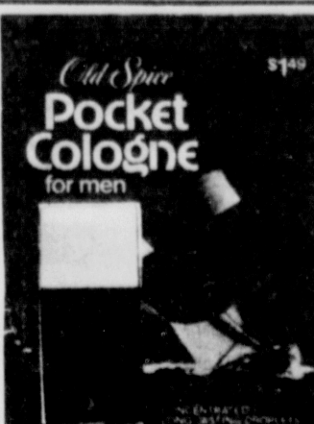

About 230 persons are employed at the Millersburg plant. Flexible is attempting to relocate the employees in other jobs.

Gary Wade, industrial relations director, said the locker building section of the Millersburg operations will be sold.

Big Brother Is Listening

For once, the news that Big Brother will be listening is good news instead of bad.

Gov. James Rhodes and Ohio State Highway Patrol superintendent Col. Frank Blackstone have announced an expansion of monitoring by the state patrol of Channel 9 on the Citizens' Band radio network.

Channel 9 has been established by the FCC as an emergency channel, and is already monitored by some state patrol posts as well as many sheriff's offices and

police departments.

The CB network has generated a lot of publicity lately as being used by truckers to avoid speeding tickets with "breaker, breaker, there's Smokies in the bushes."

However, the two-way, 23-channel system has already proven invaluable in hundreds of cases where assistance has been called in by CB users to help stranded motorists and to report criminal incidents.

The CB expansion has grown from two million sets a few years ago to over six million now, and greater expansion is seen coming soon. Ohio already ranks second in the nation in number of CB units.

We believe the network will be an even greater boon to the public and police alike in the years to come, and tip our hat to the many thousands of users who have already helped their neighbors through use of the system.

Unspeakable List

By JIM BISHOP

Now and then we hear a long dial tone on our television and radios followed by a sepulchral voice which intones: "This is a practice alert. In case of a real emergency, you would be told what to do." In a nuclear emergency, we will be told, in the sweetest circumlocution, to go to hell.

We could not run. We could not hide. Hydrogen bombs gulp millions of lives in a holocaust of light. If your life cannot be saved, I'm sure you will feel better to know that a chosen few have been preselected to be spared.

In the Eisenhower Administration, the Pentagon was ordered to draw up a list of government figures who fit three categories: "A, for must-continue, essential, non-interruptible function"; "B, for a function which can be resumed at a later time"; "C, for a function which can be deferred."

Fear not. You and I did not make any of the categories. If and when the

balloon goes up, we go up with it. The notion behind what is now called "The Unspeakable List" is to maintain a government in being through an atomic attack.

The first person to mention the list in public is Barney Collier, who wrote a book called "Hope and Fear in Washington." Who is on The Unspeakable List? Richard Nixon was on; he's off. Spiro Agnew's name has been xxx'd out.

Speaker Carl Albert is on it. So is Congressman Thomas O'Neill. His Boston confrere, John McCormack, is off. House Minority Leader James Rhodes did not know there was such a list until he made it.

"I am considered essential," he said. "There are certain plans made so that I should survive." Well, bully for him. Mrs. Rhodes did not make the list. None of the wives did, except Mrs. Gerald Ford. She may be the only

female on the nuclear ark.

How are they going to be saved? The Pentagon, which will never do anything unless it can overdo it, has built massive shelters inside mountains ranging from Virginia into North Carolina.

They are equipped with massive metal doors. Deep inside, enough food has been stored for "the duration." There are bunks, desks and clean air systems.

When Hubert Humphrey was vice president, he was taken on a tour of his cave and noted that there was no seal of the vice president on his bunk. When the end comes, all us folks is just folks, folks.

Congressman O'Neill said that each person to be saved is given a map "to go to a certain place." In case of a missile attack, the hydrogen bombs require 30 minutes to reach their targets. Good Americans must hope that those on The Unspeakable List have a good track record.

The names are under steady change. They are in the care of General Leslie W. Bray Jr., Ret. Barney Collier asked him if the entire Congress and the Supreme Court are on the must-save category. "Our assignment and responsibilities do not include that," he said.

The Congress and the judges, who sometimes inflict headaches on our President, go down the drain. Years ago, a Pentagon officer tried to give Chief Justice Earl Warren a map and a place to go. "Is Mrs. Warren on the list?" he asked.

The officer shook his head sadly. "In that case," Warren said, "I don't want to go." The Pentagon was chagrined to learn that among the people who must be saved would be some cooks, a few doctors and a handful of secretaries.

There are a few other nobodies, such as phone company technicians, radio operators and some newspaper reporters. Ron Nessen is not on the list. Neither are some of the President's closest buddies.

Nelson Rockefeller is on the list. He comes off at noon on Jan. 20th, 1977. The new v.p. goes on.

General Bray is busy with his little list, counting his caves. The irony is patent. If nuclear war comes, the only people to be saved are those who got us into it.

Speaking Of Your Health

by Lester L. Coleman, M.D.

Three years ago I was operated on for a polyp in my nose. It was removed and I felt fine. I am having the same trouble again and I need another operation. Could this be because the doctor didn't remove all of the polyps?

Dear Mr. S.:

A polyp is nature's reaction to inflammation or irritation. These small, grape-like growths originate in the mucous membrane lining of the nose as a reaction to severe allergy, infection, or sometimes a combination of both.

It is rare that a polyp occurs singly in the nose. When the polyps increase in size or numbers it is obvious that breathing will be obstructed.

It is then that surgery is recommended and the patient's immediate relief with the return of free breathing is familiar to nose surgeons.

This operation is safe and uncomplicated at the time of surgery, patients are told that the underlying causes of the polyps must have continued treatment after the operation.

The surgeon emphasizes that unless the infection and allergy are treated there is a good chance that the polyps will come back in a year or two or more.

Sometimes the underlying cause of polyps elsewhere is neither infection nor allergy. People who habitually shout, either because of occupation or temperament, very often develop polyps in the region of the larynx or voice box.

When these polyps are removed, the doctor will impress on the patient the importance of controlling this habit after surgery.

Editions Of The Past

10 YEARS AGO
1965

Christmas shoppers sang along with recorded Christmas carols played over a public address system in downtown Circleville.

A total of 716 people were X-rayed during the visit of the mobile X-ray unit sponsored here by the Pickaway County Tuberculosis and Health Association.

The commercial unit was in Circleville primarily to X-ray students and school employees who had positive reactions to skin tests administered in November.

Daniel Armbruster, chief of the Ohio Division of Wildlife, attended the annual banquet of the Pickaway Farmers and Sportsmen's Association.

Ohio State probably played basketball against the old Circleville Reds, according to local historian Mac Noggle, who noted that the Reds played against some of the best teams in the country such as Harvard, Yale, University of Pittsburgh, and Penn State. The games were played in the Armory.

Too often, people who are freed of the discomfort of polyps forget their doctor's advice about continuing to treat the basic cause of their polyps. They neglect treatment, the polyps return and the cycle begins again.

Our three-year-old son was found to have a heart murmur. The doctor insists it is unimportant and that his activity should not be curtailed. Is he making too light of a heart condition?

Dear Mrs. F.:

Your son apparently has what is known as a "functional murmur." This means there is no defect in the heart.

Very often these functional murmurs disappear entirely. It would do your son psychological harm if you make him a pampered invalid.

Do not let him be aware of your anxiety about a condition that will not affect his health or longevity.

Letters To The Editor

EDITOR'S NOTE: While The Herald encourages open comments from its readers, the opinions expressed are not necessarily those of the management. Letters to the editor must be signed and should be of 300 words or less.

Dear Editor:

In response to the letter to the editor of Mrs. Young and the answer of Mr. Atwood Jones, I would like to know if we, the residents of Circleville, are the victims of our own little Watergate or was it just a lot of small oversights.

There are two men in Circleville who advertise tree trimming and removal service. Neither Lincoln Isaac or myself received any contracts concerning the tree removal either last year or this year.

The price of 34 trees at \$3,700 does seem a little high. We, the taxpayers, should have a little more to say about where and how our tax dollar is spent.

Thank You

Business World

By JOHN CUNIFF
AP Business Analyst

NEW YORK (AP) — The Santa Claus effect gradually is taking over in the business world, as it does every year at this time. It is the season of office parties and bonuses and days off and gifts.

While these expressions of the spirit are as observable as they are expected, you might not realize that in more subtle ways Santa Claus also works his magic on the business world.

In Wall Street, for instance, they are talking up the yearend rally as if it was just another of the gifts in Santa's bag. The spirit of the season prevails, so why shouldn't stocks benefit?

The truth is that there often is a year-end rally, for a variety of reasons, including the rearranging of portfolios for tax reasons. But like Santa himself, is the rally all it's publicized to be?

The Stock Trader's Almanac says no, it isn't an exaggeration, but perhaps you should be the judge of that. In only three or four years in the past two decades has it failed to materialize, but that's not the whole story.

Says the Almanac: "The rally occurs within the last four days of the year and the first two in January and is good for an average 1.72 per cent gain."

A 1.72 per cent gain? What does that amount to? The answer: a little bit more than two points a day on the Dow Jones industrial average, or a gain that might go almost unnoticed these days.

The Santa Claus spirit of expectation is even more obvious on Main Street. Are retail sales rally as good as the

merchants are saying they are? Probably not. Good, but not the best.

You can't blame any merchant for trying to drum up sales. This is a make-or-break month for many of them and there is reason to excuse them if they attempt to create enthusiasm. That's good merchandising.

You might even say that it's the economic truth also, because retail sales have risen for three months in a row, and most likely will add another month to that trend. In November, they were 14 per cent ahead of last year.

What happened last year? Little less than a disaster for many merchants. Beginning right around Thanksgiving, when sales usually begin to pick up, a decided lack of enthusiasm became evident. Sales were badly depressed.

This year's sales, by comparison, are better, but they are far from being strong. Seven or eight per cent of that 14 per cent gain is inflation. The rest represents not a surge, but a mild recovery.

The spirit of expectation often is shared by economists and politicians too, resulting in forecasts that, one month later might be considered to have been somewhat euphoric.

Fortunately for the economists, last year they shared in the generally poor mood that prevailed around Christmas, and as a consequence their forecasts generally were more accurate than in other, more optimistic times.

Realizing all this, it might be wise to discount some of the reports and forecasts now being circulated.

Dear Abby:

By Abigail Van Buren

Be My Valentine, Not My Buddy

DEAR ABBY: I am 23 and have recently met a very attractive, intelligent, sensitive 21-year-old woman.

So what's my problem? Our relationship seems to be on two levels. My feeling for her is on a romantic level, but she says she wants to keep our relationship on a friendship level.

I am content to wait and let our relationship grow, but my friends advise me to quit seeing her. What do you say?

HOPEFUL BUT UNCERTAIN

DEAR HOPEFUL: Continue seeing her and if she doesn't get on your level by St. Valentine's Day, level with her. Tell her you want a sweetheart, not a buddy.

DEAR ABBY: My daughter has been keeping steady company with a young man for the last three years. They met at college and both graduated last June.

We have never met David's parents, although we've talked to them on the phone. They seem like nice people.

David now has a good job. I told him I'd like to meet his parents, and he said he'd get us together "soon." Meanwhile, months go by and we haven't met them yet.

When my wife told David we'd like to invite his parents to our home, he said his father was rather "unfriendly" and it would be better if we met at the wedding! Abby, my daughter doesn't even have a ring, and no official announcement of her engagement was ever made, so a "wedding" is a long way off.

He told me he loved our daughter and his intentions were honorable, but

Final Wood Sale Set By ODNR

The last of this season's popular "cut your own" firewood sales sponsored by the Ohio Department of Natural Resources (ODNR) is scheduled for early January.

ODNR's Division of Forestry will conduct the sale Jan. 5-17 from 8 a.m. to 4 p.m. daily, including weekends, at Zaleski State Forest north of Athens.

Dead, dying and deformed timber from the forest will be brought to one location for the public's convenience, said Ernest J. Gebhart, Chief of the Forestry Division. Wood buyers must bring their own axes and saws to cut the timber into firewood.

The cost of the firewood will be \$3 a rick or \$9 a cord, with a limit of one cord per family.

"During our five firewood sales this season, we altered the days and hours of operation to see how the public could best be served," Gebhart said. "This information will be valuable when we schedule next season's sales."

Customers for the Zaleski firewood sales should go directly to the forest headquarters, just off state Route 278 in the village of Zaleski, where they will be directed to the sales area.

For further information, telephone the Division of Forestry in Columbus at (614) 466-7842 or Zaleski State Forest headquarters at (614) 596-5781.

Say Janitor Took \$15,000 In Quarters

CLEVELAND (AP)—The FBI says Federal Reserve Bank janitor Gerald Ramsey Jr., 21, is accused of carrying 60,000 quarters out of the bank over a 56-day period by stuffing his pockets at lunchtime and quitting time.

Ramsey was arraigned Tuesday before U.S. Magistrate Herbert T. Maher on a charge of embezzling \$15,000 worth of quarters.

Federal agents said the thief had to cut into a wire cage in a high-security room where the coins were stored in 15 bags weighing 50 pounds each. The FBI affidavit said Ramsey admitted emptying at least 10 bags of coins, walking past the bank's armed guards daily with his pockets stuffed.

The government agents said Ramsey started working at the Federal Reserve Bank Aug. 18 and was fired Dec. 10, the day the theft was discovered.

Maher set bond at \$10,000, set a hearing for 2 p.m. Tuesday, and appointed a lawyer for Ramsey.

The defendant told Maher he was broke. Agents said they learned a lot of quarters went into poker games, which Ramsey played regularly.

Fair Trade Prices Dead Now

COLUMBUS, Ohio (AP) — "Fair Trade is dead," announced the headline. "Now you can save...."

It sounds good, and nobody seems to care anyway, but repeal of the depression-era Fair Trade price fixing law does not take effect until Dec. 30.

A new federal law, striking down all state fair trade statutes, takes effect in March.

"Most everybody is already ignoring it," says Rep. Michael P. Stinziano, D-30 Columbus. "I don't think anyone is too concerned about violating the old law in advance of the enactment date (of repeal)."

Stinziano says manufacturers seeking to enforce price minimums on retailers would probably find the wheels of justice turn too slowly to have an effect before the law is repealed.

Fair trade began in 1939 in Ohio as a device to put small dealers on more even footing with large-scale operators. The law, updated in 1959, permits manufacturers to set minimum retail prices on some of their products.

In line with action taken by other states, the General Assembly approved legislation Sept. 10 repealing the law. Legislators were told by consumer groups that Ohioans were paying 19 to 27 per cent more for fair trade items than shoppers in states without price controls.

By the time Gov. James A. Rhodes received the bill and signed it, the regular 90-day waiting period delayed actual repeal almost to the end of this year.

Stinziano has been collecting newspaper advertisements indicating a number of retailers are ignoring the lame duck law with impunity, probably to take advantage of the Christmas rush. He says some merchants started selling below fair trade levels even before Rhodes signed the bill.

From recent ads, the Columbus lawmaker cited a stereo reduced from \$239.95 to \$139; a watch from \$30 to \$19.99; women's cologne from \$3.75 to \$2.99 and pantyhose from \$1.39 to \$0.99.

The ads often describe the higher cost as the "former fair trade" price.

The Ohio Manufacturers Association says none of its members have complained.

John Mahaney, president of the Ohio Council of Retail Merchants, thinks a number of manufacturers have voluntarily dropped their minimums.

GOLDEN WEDDING — An open house in the Town Hall at Good Hope will celebrate the 50th wedding anniversary of Mr. and Mrs. Dana H. Kellenberger Sr., Camp Grove Road, Washington C. H. The former Helen M. Imler, born and reared in Whisler, and Mr. Kellenberger were married Dec. 18, 1925 at Kingston by the Rev. T. D. Kerr. The event will be hosted by their children: Mrs. Dave (Joy) Anderson, Mrs. Anthony P. Hicks (Sharon) Kana Jr., Karl, Royce and Gary, all of Washington C. H., and Larry of Circleville; Mrs. Thomas (Trisha) Klock, Huston, Texas; Mrs. Everett E. (Linda) Slone, Jeffersonville; Mrs. Rick L. (Deidre) Wilson, Sabina. There are 18 grandchildren and one great-grandchild. The couple will greet their friends from 2-5 p.m. on December 21. Good Hope is located five miles south of Washington C. H. on State Route 753.

Senior Center Members Attend Mystery Luncheon

Thirty members of Pickaway Senior Center left at 11:30 a.m. Friday to an unknown destination for a mystery lunch. They arrived at the home of Wanda Hamilton, a staff member at the center, who lives near the Westfall School.

Guests were greeted at the door with the aroma of turkey and many other holiday foods. The home was decorated for the Christmas season with arrangements and creations of the hostess and members of her family. Helping her serve punch and the buffet luncheon were her two daughters-in-law and her son, Todd.

The guests were seated at card tables in the living room and family room. Each table was covered with a red cloth and held a candle centerpiece.

After lunch, Mrs. Leona Ater, a newcomer to Circleville and the Senior Center, entertained with Christmas music played on her accordion. Members left in the early afternoon for several places, some to Pickaway Manor, others to bowl and still others for previous engagements.

Attending were: Mary Bales, Jenny Hoffman, Pauline Jones, Mary Howard, Minnie Strawser, Connie Howell, Eunice Shy, Mary Denman, Blanche Kerns, Clara DeLong, Dorothy Gregory, Nora Noise, Adella Huffman, Ruth Porter, Icy Winner.

Isabella Badger, Fannie Brooks, Dorothy Smith, Ruth Smith, Pearl Porter, Margaret Shane, Alice Scothorn, Leona Ater, Vera Saunders, Jennie Eccard, Julia Lemon, Carol Tinney, Mert and Twyla Lorentz, and Tom Smith, who drove the PICCA minibus.

Vicky Lee Whaley, Kenneth Klinebriel To Wed Dec. 22

Mrs. Florence Whaley, 116 W. Ohio St., announces the approaching marriage of her daughter, Vicky Lee, to Kenneth Klinebriel, the son of Mr. and Mrs. Kenneth Klinebriel, 203 Villa Drive. Miss Whaley is also the daughter of the late William David Whaley.

The wedding will take place 7:30 p.m., Dec. 22, at Calvary United Methodist Church.

Always use cornstarch rather than flour in the sauce for a Chinese stir-fry dish you are creating. If a printed recipe of this sort calls for flour, don't try it because it isn't authentic: cornstarch gives the necessary translucency for a sauce of this sort; flour makes a sauce opaque.

Christmas Party Held By Roundtown Roamers Club

The L-K Restaurant was the setting for a meeting and Christmas party of Roundtown Roamers Camping Club on Friday. Twenty-five families were present including five charter members. The NCHA charter was hung for new members to inspect.

Darrell Hatfield, by-laws revision chairman, presented the new constitution and by-laws to the club. They were accepted as written. Other members of the committee were James Fausnaugh, Wesley Edstrom, Mrs. Frank Lands and Orville Kempton.

New officers elected for the coming year are: Orville Kempton, president; Ralph DeLong, vice-president; Mrs. Judy Ramey, secretary; Miss Lydia DeLong, treasurer; Wesley Edstrom, delegate and Richard Krick, conservationist.

The program was presented by Mrs. Guy Tatman. She read a poem titled "Ode To A Turkey Bone" written by Mrs. Orville Kempton. It was a saga of a turkey breastbone which had accompanied Roundtown Roamers to Nashville, Tenn. on Thanksgiving weekend. The club with the bone attended two shows of the Grand Ole Opry and toured the many landmarks in Nashville. The bone was returned to Circleville, mounted and framed, and presented to Russell Archer as a Christmas gift.

Santa Claus put in his appearance and presented each child with a gift and a large bag of candy. He also gave a gift to each adult. Mrs. Guy Tatman accompanied the group as they sang Christmas songs.

The next meeting will be Jan. 24, at the Stoutsville K of P lodge hall. The business session will be preceded with a covered-dish dinner at 6:30 p.m.

Auxiliary Unit Presents Gifts To VA Patients

A 50-year tradition was continued Monday evening when Unit 134 American Legion Auxiliary entertained patients of Ward 1C, Veterans Administration Hospital, Chillicothe, with a party. Homemade cookies, ice cream and punch were served to 35 patients by Mary Stephens, VA&R chairman, assisted by unit members, Roseann Stinson, Betty Sabine, Maggie Mavis, Betty Woods, Iola McClarren and Cleo Caudill. Also present to assist was William McClarren of Hall-Adkins Post American Legion.

Carol singing was accompanied by Betty Woods at the piano and visiting with the veterans was the entertainment for the evening.

Santa Claus arrived distributing trays of fruit to each patient and presented the ward an electric razor from the auxiliary unit.

Wedding Vows Exchanged In Candlelight Ceremony

Miss Ronnelle Leadingham and Mr. Perry Reeves were united in marriage in a candlelight ceremony at Emmett Chapel United Methodist Church.

The Rev. Doane Wiggins read the double ring service Nov. 14, for the daughter of Mr. and Mrs. Ronald Leadingham, Kingston, and the son of Mr. and Mrs. Keith Reeves, Circleville.

Given in marriage by her father, the bride was attired in a gown of white tulle. The bodice, sleeves, and train were of church lace with a v-neckline and collar. She carried a bouquet of red roses with baby's breath.

Miss Cheryl Greeno, Kingston, was maid of honor. She wore a baby blue dress with lace inlay at the neckline and carried a single rose with baby's breath.

Miss Janna Reeves was junior bridesmaid and Miss Angie Reeves was flower girl. The sisters of the bridegroom wore blue flowered dresses and carried red roses.

The bridegroom's brother, Tom Reeves, and cousin, Tony Dye, served as ring bearers.

Mr. Burt Keener performed the duties of best man. Ushers were Mr. Rick Leadingham, brother of the bride, and Mr. Terry Branham.

A reception in the social room of the

church immediately followed the ceremony.

The new Mrs. Reeves is a 1974 graduate of Zane Trace High School, Chillicothe. Mr. Reeves is a 1972 graduate of Millersburg Military Institute in Kentucky.

Legion Auxiliary Changes Party Date

The date for the carry-in Christmas dinner and gift exchange for Unit 134 American Legion Auxiliary has been changed to Dec. 29 at the Post Home. The 6:30 p.m. starting time remains the same.

Five Points News

By MRS. FRANCIS FURNISS

There were 35 present at the Five Points United Methodist Sunday School Sunday morning. Worship service followed with a large attendance. The Rev. Lillian Wright was the guest speaker and was much enjoyed by all. The Christmas program and candlelight service will be held next Sunday evening at 7:30 p.m. at the church and the youth fellowship will sponsor caroling next Monday evening.

There will be no Social Hour Club meeting this month due to the Christmas program at the school.

Mr. and Mrs. William Parker and daughters Peggy and Patty of Columbus were Saturday dinner guests of Mrs. Shirley Anderson.

Historical Society Plans Open House

The Pickaway County Historical Society is holding two special Bicentennial Christmas Open Houses. These open houses will be Saturday and Sunday, December 27 and 28 from 1 to 5 p.m. The address is the N. E. corner of Union and Scioto Streets.

Hosts will be dressed in period costumes. Refreshments will be served.

In addition to a tour of the museum, visitors will be able to see old fashioned Christmas arrangements. Featured will be a Christmas tree decorated with hand made replicas of early ornaments. These ornaments are provided by fifth grade students of Pickaway County. Each elementary school is choosing five ornaments

which will grace the tree. A committee of the PCHS will present the makers of the three winning ornaments with a one year junior membership to the society.

A special program on Sunday, December 28, between 2 and 4 will honor the older charter members of the society.

All people with an interest in the history of Pickaway County are more than welcome to the open houses.

Admission to the special Christmas events is free. However, a nominal fee is charged to visitors during the museum's regular visiting hours, which are Sunday and Wednesday, 2 to 4 p.m.

See Triangle In Triple Slayings

ATHENS, Ohio (AP) — A Marine on leave told a girl she never would see an old boyfriend again shortly before the Dec. 10 triple shooting which left the Marine, the boyfriend and a third man dead, the Athens County sheriff's office said.

Sheriff Paul E. Brown said Marine Lance Cpl. Ralph L. Parry of Stewart told a juvenile girl he was going to kill John M. Mayles, 23, of nearby Amesville.

Both Parry and Mayles had dated the girl, the sheriff said.

Ballistics reports appeared to confirm official accounts of the shooting that also left Richard C. Jago dead and John Mitchell wounded, Brown said.

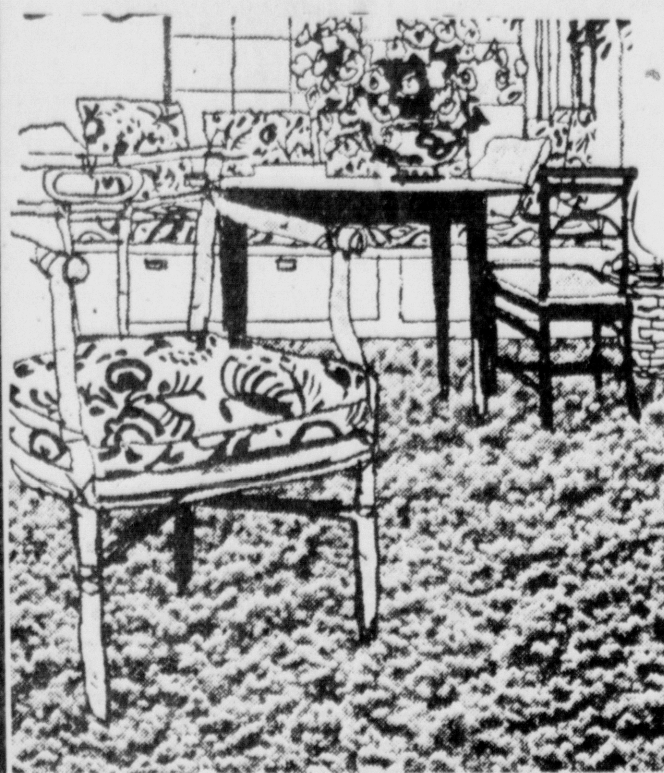

Tests showed that the 9mm bullets that killed Mayles and Jago, 23, who lived in the same house, came from Parry's gun, Brown said.

Parry was killed by a .22-caliber bullet from Mitchell's pistol, he said.

GRANGE YOUTH

The December meeting of the Pickaway County Grange Youth was held at Barb and Brenda Bolender's home. A carry-in dinner preceded the meeting. Devotions were read by Brenda Bolender.

Following the secretary and treasurer reports, plans were made for the Eighth Annual Pickaway County Youth Conference. The conference will begin 10 a.m. Dec. 27 and will end 4 p.m. Dec. 28.

Lecturer Ron Chessar reported the youth have been asked to give the traveling program to the following granges: Scioto, Feb. 2; Saltcreek, March 2; Washington, May 11; Mt. Pleasant, May 12; Star, June 8.

Degree Day will be Jan. 31 with the first, second and third degrees given in the afternoon. A carry-in dinner will then be held followed by the fourth and fifth degrees in the evening. The Grange Youth have been asked to give the Fifth Degree.

Feb. 20 is the date for the state ritualistic contest.

For recreation, Ron Chessar and Mark Pheiffer had a variety of interesting contests with prizes awarded to the winners. Diana Lands won the door prize. A gift exchange was enjoyed by all and refreshments of punch and cookies were served by the hosts.

The next meeting will be 7 p.m. Jan. 4 at the home of Barbara McKenzie.

John W. Bear of Zanesville was perhaps Ohio's most colorful political campaigner. Known as the "Buckeye Blacksmith" he campaigned in many states for William Henry Harrison in 1840, attired in the dirty apron he used in shoeing horses, his face smudged in dirt, and waving a pair of blacksmith tongs as he spoke.

CORA'S COUNTRY COOKERY

Save 17¢ on Maxwell House Coffee, and enjoy Cora's Christmas Coffee Ring

"My Christmas Coffee Ring. I've been baking it every Christmas since the snow of '21. It's delicious — full of raisins and candied fruits.

"The young ones around here always leave Santa a big slice on Christmas Eve. But just between us, it's even better served warm on Christmas morning. Try it. Just talking about it makes me hungry.

"And make certain the coffee you serve with it is just as good. That's why I only sell one kind — Maxwell House."

"I think it tastes best."
— Cora

Cora's Christmas Coffee Ring

1/2 cup chopped raisins
1/2 cup chopped mixed candied fruits
1/4 cup sugar
2 tablespoons water
1 tablespoon lemon juice
1/2 cup BAKER'S ANGEL FLAKE Coconut
1 1/4 cups all-purpose flour
3 tablespoons sugar
2 1/2 teaspoons CALUMET Baking Powder
1/4 teaspoon salt
1/4 cup shortening
1 egg, slightly beaten
1/4 cup light cream

Combine fruits, 1/4 cup sugar, the water, lemon juice, and coconut in saucepan. Cook and stir over low heat until sugar is dissolved and mixture well blended; cool. Mix flour with 3 tablespoons sugar, the baking powder, and salt. Cut in shortening. Add egg and cream, stirring to form soft dough. Turn out on lightly floured board and knead 20 times. Roll into an 18x8x1/4-inch rectangle. Spread filling evenly over dough, almost to edges. Roll as for jelly roll; moisten edges and press together to seal. Form into a ring on greased baking sheet. Cut 2-inch slices with scissors on outer edge, almost through the ring. Turn slices cut-side-up, overlapping the edges. Bake at 400° for 20 to 25 minutes. Glaze and decorate, if desired. Serve warm.

CHRISTMAS ORANGES
Oranges are part of the Christmas tradition in the United States. In the past, oranges were a treasured gift that many families in the colder regions of this country received only at Christmas. Holiday fruit baskets containing oranges are still popular gifts although the fruit is available all year. Navel oranges are currently in season. These oranges can be identified by the navel formation opposite the stem end. While nature may put an occasional seed in a navel orange, most are seedless. Oranges are an excellent source of vitamin C, a nutrient the body needs every day for growth and maintenance. They also contain important amounts of potassium and folic acid. Oranges are not only delicious by themselves or in juice, but are a tasty baking ingredient. The addition of orange juice to this yeast bread recipe gives it an unusual flavor. If fresh oranges are used for juice it takes three to four medium-size oranges for one cup of juice.

1 Pkg. Active Dry Yeast	2 Cups Orange Juice
1/4 Cup Warm Water	1/2 Cup Molasses
2 Cups Milk	1 Tbsp. Salt
2 Cups Uncooked Oats, Regular	3/4 Cup Sugar
Or Quick-Cooking	2 Cups Raisins
1/4 Cup Butter Or Margarine	10 Cups Sifted All Purpose Flour

In a small cup, sprinkle yeast over warm water and stir until dissolved. Set aside. Scald milk and pour over oats and butter in a large mixing bowl. Let stand 30 minutes. Add orange juice, molasses, salt, sugar, raisins and dissolved yeast mixture to oats. Stir in enough flour to make a soft dough. Place in a greased clean bowl, cover and let rise until double in bulk, about one and one-half hours. Turn out onto floured surface and knead 10 minutes. Shape into three loaves and place in three greased 9x5x3 inch loaf pans. Cover and let rise until double in bulk, one and one half to two hours. Bake in the oven at 350° F. for one hour or until loaves sound hollow when tapped on top. Remove from pans and cool on wire racks.

A-C Board Okays Trip To Canada

In regular session Tuesday, the Amanda-Clearcreek Board of Education granted a field trip to Montreal, Canada for the French III class to be taken in May, 1976.

The board also granted one year's leave of absence to Angela Burdge, teacher, for the 1976-77 school year and a leave of absence for the remainder of the current school year to teacher Karen McCandlish, due to illness.

Geraldine Miller and Sharon Compton were employed as substitute cooks and Dane Smith as a substitute custodian.

In other action, the board adopted a resolution declaring the necessity of a bond issue. Action was also passed to submit the questions of such an issue to the electors.

A Title IX resolution, as set forth by the Department of Health, Education and Welfare implementing regulations which prohibit sex discrimination in federally-assisted education programs, was also adopted.

A new library policy for the district was adopted during the meeting.

In conclusion of the meeting, the board voted to meet for its required organizational meeting at 8:30 a.m. on Jan. 3.

Ask Court To Overrule Boston Judge

BOSTON (AP) — A federal appeals court has been asked to decide how much power the courts can take from elected officials in demanding racial desegregation in the schools.

Attorneys for the Boston School Committee have asked the U.S. Circuit Court of Appeals to rule on the constitutionality of a sweeping series of federal court orders that put troubled South Boston High School in receivership and restricted the authority of the elected school board. No date has been set for a hearing.

Never before has a school run by elected officials been placed in receivership, lawyers for the committee of five argue, and the legal precedents for taking the action are questionable.

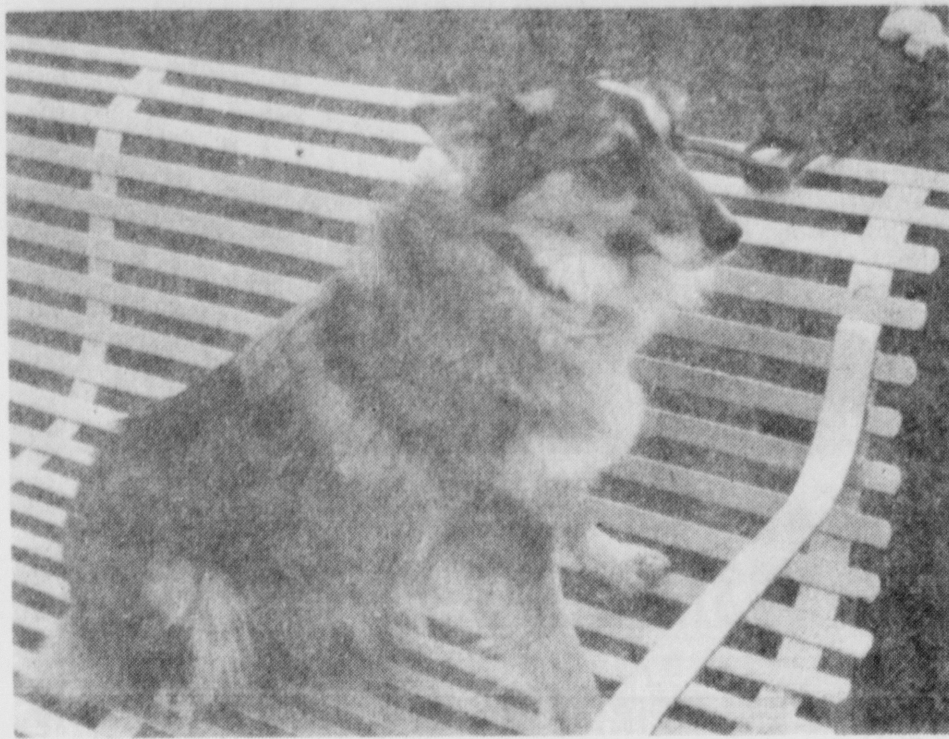

At issue is a series of rulings handed down last week by U.S. District Court Judge W. Arthur Garrity Jr., who a year ago ordered extensive busing to integrate Boston's schools.

Garrity last week took away all power of the school committee to run racially tense South Boston High and shifted that authority to an appointed receiver, answerable only to the judge.

In addition, he ordered all administrators at the school transferred; and he prohibited the committee from making any personnel appointments throughout the school system until next month, when a newly elected committee takes office.

Garrity acted, he said, because of discrimination against black students, racial turmoil and declining attendance at the high school, which has been a focal point of the city's antibusing movement.

Springfield Continues Energy Campaign

SPRINGFIELD, Ohio (AP) — There are 64,273 Springfield area residents who say they just might be that tiny ripple of hope for a total energy program.

This industrialized community of 82,000 with five major plants was the first city en masse to focus national attention on the energy problem. And it spoke not only for itself but for the entire nation, seeing the energy crisis as the culprit of recession and unemployment.

Beginning last fall Springfield bombarded congressmen and senators with letters, spread its message through the news media and sent delegations to Washington twice for audiences with top officials including President Ford and Vice President Rockefeller.

In nine days, 64,273 signatures were collected on petitions circulated in

Springfield and surrounding Clark County, nearly half of the county's entire population. The box of petitions was presented to President Ford in a seven minute meeting with a 28-member delegation from Springfield last Nov. 20. The President added his name to the petitions.

The Springfield message was simple: "Our nation's No. 1 problem—energy. We, the citizens of Springfield, County of Clark, State of Ohio, of the United States of America, hereby demand and petition all of our elected representatives that they develop an immediate and effective answer to our nation's No. 1 problem, the energy crisis."

After leaving Washington, the delegation said a quotation from the late Senator Robert F. Kennedy might be appropriate: "It is from the...acts of courage and beliefs that human history is shaped. Each time a man stands up for an ideal or acts to improve the lot of others or strikes out against injustice, he sends forth a tiny ripple of hope..."

The Springfield delegation says it feels the people of the city and the county "just might be that tiny ripple when it comes to the energy problem."

A wide-ranging energy bill that would reduce fuel prices temporarily is before the Senate for final congressional action, but faces an uncertain fate at the hands of President Ford.

Jim Foreman, a Springfield auto dealer who is the spokesman for the concerned citizens group, says it is impossible to measure what concrete effect the campaign has had on Congress, but that it has united the community and created an esprit de corps.

The campaign was triggered last August by the Springfield Automobile Dealers Association, of which Foreman is a member, when it took an ad in the local newspaper suggesting that the government "remove themselves from the Watergate aftermath, the CIA investigation, and all other witch hunts, then all departments of government—legislative, executive and judiciary, settle down to work on our No. 1 problem—energy."

The half page ad called for a deregulation of natural gas.

Responding to the ads, unions called for just the opposite—effective price controls.

Each special interest group came up

with its own solution. Groups began to meet with each other and it was agreed that the city campaign would offer no solutions nor promote any special interest groups but simply urge that action be taken to solve the energy crisis.

Harold Wilson, who works with low income groups in Clark County under a federally funded program, said the energy campaign "served as a catalyst every segment in the community could relate to. It created national awareness and members of Congress have a greater sense of urgency."

Other cities have expressed interest in following Springfield's lead, but thus far have not launched any major campaigns. Tulsa, Okla., has invited Springfield leaders there next month for a public hearing.

Last fall, it appeared that a shortage of natural gas would cause hundreds of layoffs in Springfield plants, but thus far this has not materialized because of a mild winter and an increase in the quotas of gas.

"We've been lucky," says one of the community's leaders, Loren G. Schultz, editor of the Springfield Daily News. "With the grace of God and luck

Dog Grabs Big Ham

COLUMBUS, Ohio (AP) — There's a happy German shepherd somewhere in northeast Columbus today, and a local supermarket is missing a six-pound ham.

Shoppers said several boys came to the Kroger store with their dog Tuesday evening and left him outside while they went inside to buy some groceries. The dog apparently decided to join his master and darted inside when someone opened the door.

Once inside, customers said, the dog apparently forgot his original objective, spied the meat counter, rushed over, grabbed the ham, then ran out of the store.

Cashier Willa Lumpkin said the dog was last seen running across the store's parking lot.

None of the store employees was anxious to challenge the dog for his ham, she said. "He just had himself a good old time."

CHS Tigers Trip Trace, 67-50

If there were any doubts that the 1975-76 Circleville Tigers were for real, they were dispelled Monday night as the Roundtowners applied defensive pressure and good scoring to roll to a 67-50 decision over visiting Miami Trace at the Mill St. gym.

Mike McCoy, the chief engineer of the Roundtown express, once again guided the attack and ripped the cords for 20 points, Biff Bumgarner, who seems to be everywhere, also netted 20 markers while the smooth operating George Moore rippled the cords for 15 points.

Frank Merrill, who played a terrific defensive game and held his man scoreless, netted six points while Warren Yamarick, Rusty Holbrook and Tom Taylor came off the bench to all score two points and do a fine job.

Allen Conner was the big man for the Panthers with 20 markers, Dan Gifford swished 14, Rod Garringer and Gary English each had six while Joe Black and John Schlichter each had two points.

Trace, who had been leading the South Central Ohio League scoring with a 75 point game average was held to 50 points by a Tiger man to man defense that was stickier than a wad of chewing gum on the bottom of a shoe.

The Panthers had been giving up 65.6 points per game and stayed close to it as the Tigers hit them for 67.

Circleville had been averaging 68 points per game in league play and showed consistency as they hooped 67. The defensive average of the Tigers has been 49.3 per game and they stayed with it allowing the Panthers 50.

The Tigers took 52 from the field and put lights on the scoreboard 26 times for 50 per cent. They converted 15 of 22 from the charity stripe for 68 per cent.

Miami Trace managed to hit 19 of 38 from the field for 50 per cent and connected on 12 of 12 from the charity stripe for 100 per cent.

Circleville pulled down 24 rebounds with Moore and Holbrook the big men while Trace hauled in 16 missed shots with Conner leading the way.

The Tigers turned the ball over 14 times while the Panthers misplayed the ball 25 times.

It was a fairly even first quarter as both teams were plagued with turnovers and traded buckets. The score was tied five times in the period that ended with the Tigers leading 16-14, on McCoy's jump shot at the buzzer.

McCoy began to set the pace in the second frame as he scored on three great driving layups and capped it with a jump shot right at the buzzer. Bumgarner and Moore also added some scoring punch during the period but Bumgarner drew his third foul in the period and was replaced by Yamarick, the Tigers' sixth starter. Gifford tallied three buckets to help hold Trace in the game but the teams went to the locker rooms at halftime leading 34-23.

But it was really the third quarter that proved the downfall of Trace as the Tigers ripped three buckets to run the count to 40-23 before Connors hit from the side with 3:19 on the clock for the Panthers first points of the period. Trace only scored three baskets in the frame, all by Connors.

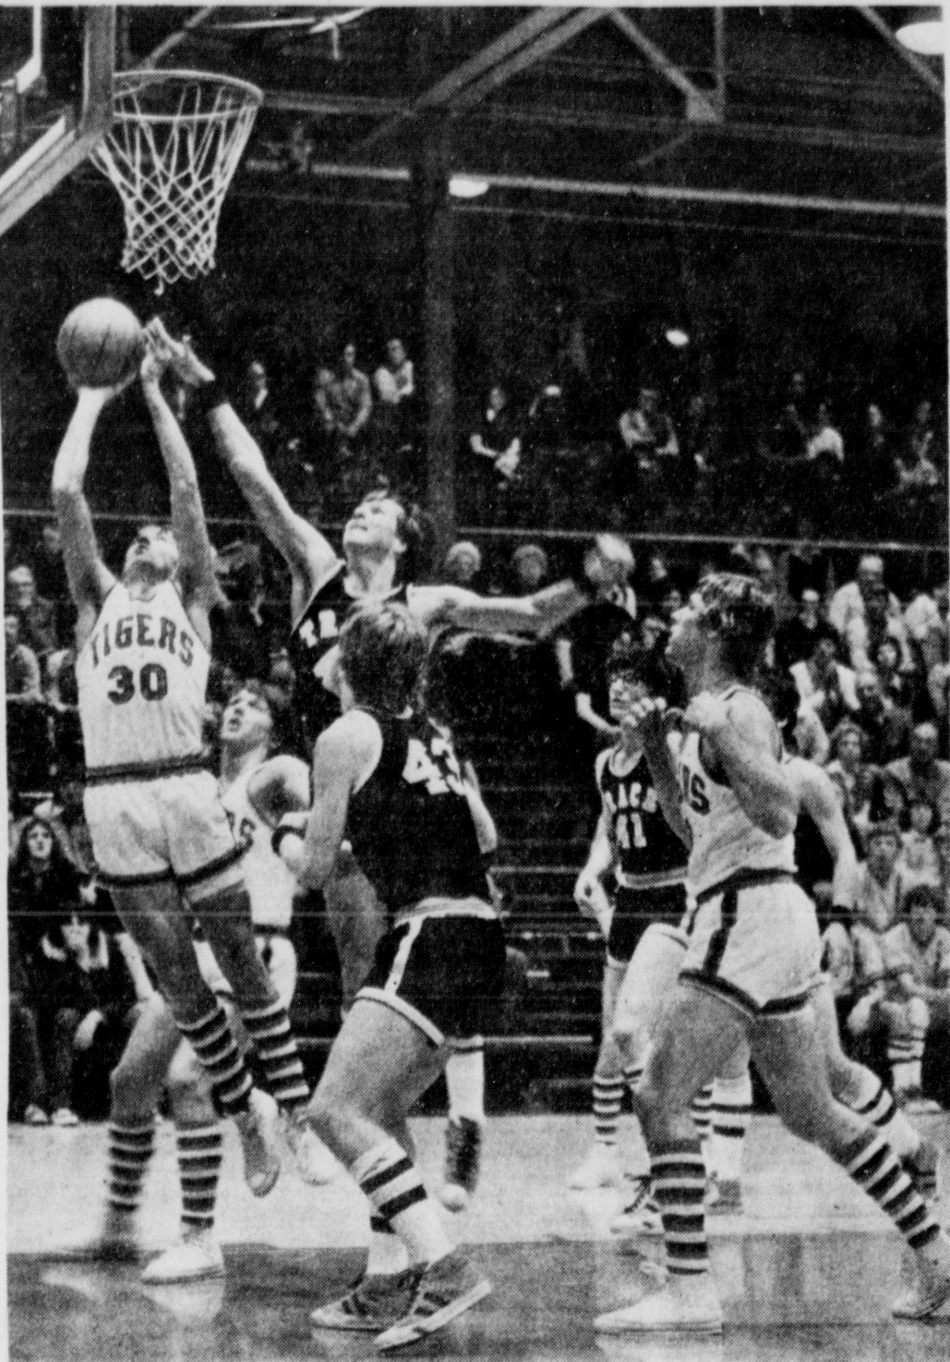

Coach Jim Bailey began to his bench in the final period to give most of his squad a chance to get into the action, with both teams scoring 21 points in the frame.

"Excellent defense and bench support from Rusty Holbrook and Warren Yamarick were key factors in the win," coach Bailey commented.

"McCoy gave us a very aggressive offensive performance and Bumgarner came up with another fine all-around performance despite getting into foul trouble early in the game. Moore not only scored 15 points for us but pulled down eight offensive rebounds and came up with seven steals.

"But one of the big factors was the excellent job we did on our guard defense. Trace's guards had totaled 37 points last week against Hillsboro but Merrill, McCoy and Yamarick held them to a total of six points during the game. As a matter of fact, Merrill shut his man off completely. Also, our blocking out off the offensive boards was excellent," Bailey said.

Circleville is 5-0 for the season and 4-0 in SCOL play. They will host the Hillsboro Indians Friday night at the

NOT A TRACE — It's two points for the Tigers as Rusty Holbrook (30) goes high in the air to put the ball in the bucket. Other Tigers in the picture are George Moore and Biff Bumgarner. Circleville rolled to a 67-50 victory over the visiting Panthers.

CHS Reserves Nip Panthers

With Circleville trailing 29-28 and 42 seconds left to play, Mark Albright hit a jump shot from the lane to give the Tiger reserves a 30-29 win over visiting Miami Trace Tuesday night at Mill St. gym.

The Tigers led 6-2 at the end of the first period, 19-15 at halftime but trailed 27-21 at the third period buzzer. But, coach Denny Stewart's Tigers refused to play dead as they limited Trace to two points in the final frame while they netted nine and the ball game.

Albright led all scorers with 14 points and played a fine floor game, Dave Marshall added seven, Tim Milstead added six, Mike Brudzinski tallied two and Todd Mancini had one to account for the Tigers scoring.

Brant Dunn and David Glass both had 10 points to pace the Panthers, Dennis Combs netted four, Glen Cobb swished three and Kevin Stockwell tallied two.

Circleville is now 4-1 for the season and 4-0 in South Central Ohio League action. They will host Hillsboro 6:30 p.m. Friday on the high school floor.

County Cagers Set For Action Contests

There will be plenty of action for the county schools Friday and Saturday night and fans should be in for a lot of fireworks.

Logan Elm will host Pickerington in a battle for the Mid State League lead Friday night. Both teams will be going into the fray with league records of 3-0 and the winner is going to be all alone at the top of the heap as Canal Winchester dropped its first league game to Liberty Union, 64-62, Tuesday night.

Teays Valley will have two games on tap for the weekend. The Vikings will travel to Grandview Friday night to meet the Bobcats in a Metropolitan League clash.

Westfall Juniors Divide Contests

Westfall's seventh grade cagers stopped Mt. Sterling, 37-21, while the Mustangs eighth graders dropped a 39-31 decision to the lads from Mt. Sterling.

The seventh grade Mustangs, 4-2, led 10-0, 18-12 and 24-19. Jerry Mowery paced the winners with 16 points, Matt Gibson tallied 12, Mark Hill had four, Greg Beard meshed three and Lonnie Puckett added two. J. Spradlin led Mt. Sterling with 16 markers.

Westfall's eighth graders, 0-6, trailed 8-6, 20-16 and 34-22. Shorty Roberts led Westfall with 11 points, Tracy Puckett netted eight, Mike Whitten hooped six while Dave Roush, Chuck Sollars and Daryl Moore each had two. Gray and Blackburn were the big men for Mt. Sterling.

Westfall will play Zane Trace at Jackson 5:15 p.m. Wednesday.

TVJHS Cage Teams Win

The Teays Valley seventh and eighth grade basketball teams both won Tuesday. The seventh defeated visiting Grove City, 50-41, while the eighth won over visiting Hamilton Twp., 35-20.

The seventh grade record is now four wins and one loss. Rusty Sturgell paced the Vikings with 18 points. Bill Neal chipped in 12 markers, Pat Roese scored six, Mike Roberts six, Joe Chandler six and Scott Ford two.

John Sanders led the eighth graders with 22 points. Dean Brown scored four, R. D. Roese four, Shawn Blue two, Scott Bartholomew two and Bill Pettibone one. The eighth graders have a 3-2 record.

Thursday the Viking seventh and eighth graders play at Mt. Sterling.

Both teams will be going into the game with 3-1 marks and battling for a second position berth.

The Vikings are averaging 68.5 per game in league action while Grandview is netting 67.7 per contest.

But Saturday night Pickaway County fans will be flocking to Teays Valley as the Westfall Mustangs arrive in a county clash that is always something to see.

Westfall is meshing the cords with 58.5 points per game and giving up 59 a game. The Vikings are allowing 55.5 points per game.

But when these two teams meet, records mean nothing and a real battle should be shaping up Saturday in Viking country.

Logan Elm Remains Unbeaten In Mid State With 73-56 Win

Logan Elm defeated Berne Union Tuesday on the Rockets' floor by a score of 73-56 to set the stage for a showdown with Pickerington Friday.

The Braves and the Tigers lead the Mid State League with 3-0 records and for the second consecutive week Coach Asa Bradbury's cagers will face a key loop battle.

The Braves got off to a good start holding the Rockets to just one field goal and three foul shots in the first quarter to take a 17-5 lead.

With the Logan Elm cagers in early foul trouble the second quarter was battled on even terms and the score stood at 35-23 at halftime. The score at the end of three periods was 54-39.

"I was impressed with Berne Union's scrappy play," Bradbury said. "They never quit. Ray Mowery (a Westfall High School graduate and former reserve coach at Logan Elm) does a real good job. They had balanced scoring with four kids in double figures."

On the other hand, while Bradbury was happy with the victory, he reported that a "lot of things didn't go the way we wanted."

With Jeff Reichelderfer, Mike Miller and Chuck Cave in early foul trouble, the Braves were forced to go to a zone defense in the third quarter. "I don't like the zone. We don't even practice it and never use it unless it is dictated by necessity."

Senior guard Scott Allen led the scoring attack for LE cashing in 22 markers while Jeff Reichelderfer meshed the nets for 18. Also in double figures was Steve Rawlins who helped destroy Berne Union's zone with five field goals all from over 15 feet out and a pair of charity tosses. Rounding out the scoring for LE, Miller tallied four, Cave three, Mark Skinner eight, Randy Pontius, Dave Dean and Doug

PFSA To Hold Wild Game Fete

The Pickaway Farmers and Sports-men's Association will hold their annual "Wild Game Banquet" Thursday at the 4-H and Grange Building.

Invited guests, members and wives may register for door prizes and dues beginning at 6:30 p.m.

A menu of venison, turkey, pheasant, rabbit, raccoon will be served with all the trimmings. The famous club oyster dressing will be included.

Shooting award trophies will be presented to winners in small bore rifle, junior division, small bore rifle and pistol, senior division, and .30 caliber high power division.

A special club's directors meeting was held Monday at the club indoor range. The officers voted to retain the present point system for active and inactive members. The club dues were increased for all concerned.

Club members are requested to leave all game for the banquet at the Circleville Fire Department Wednesday.

Hildenbrand two each.

For the Rockets, Westernman scored 13, Wagner, Riggs and Taylor ten each.

The Braves connected on 11 of 16 foul shots and 31 of 58 field goal attempts.

They outrebounded the Rockets 28-23 with Reichelderfer snaring seven rebounds, Cave six and Skinner four. Bradbury was pleased with the number of assists by the Braves, 12, but was disappointed with turnovers, 21. "We're throwing the ball away too much," he said.

The LE reserve team made it a perfect night defeating the little Rockets 57-30. For LE jayvees, Jeff Collins tallied 16, Lynn Strehle 12, Tony Crist six, Doug Woods, Jerry Scanlon, Eric Maxson, John Mettler, Bruce Carter four each, Mike Patrick two and Todd Young one. Strehle, Woods and Scanlan all had four rebounds. Reserve coach Nick Damopoulos said that Strehle had his best game of the year making six of nine field goal tries, including five in a row at the start of the third period to put the game away for LE.

The Board of the Circleville Girls Softball Association, Inc. held its regular meeting in the home of Rosemary Taylor, 543 N. Court St.

It was announced that Dr. Alvarez was the grand prize winner of \$100 in the raffle. Copies of the constitution and articles of incorporation were given to each board member.

President Ray Nance announced that coaches were to turn in all equipment to Sarah Merrill, 226 Logan St., before the end of December.

Prospective coaches are invited to attend the next board meeting on Jan. 5. The time and location will be announced at a later date.

Stan Fritts Makes Mark With Bengals

CINCINNATI (AP)—Today's scoreboard stumper: who is the leading touchdown scorer for the playoff-minded Cincinnati Bengals?

Try rookie Stan Fritts. That's what Coach Paul Brown has been doing when the Bengals need the hard yards. "When it comes to football, I'm all business," says Fritts, a fourth round draft choice who was once written off as major college material.

Fritts has been a surprise for the 10-3 Bengals, who need a victory Sunday against San Diego for a berth in the National Football League playoffs.

Besides gaining Brown's confidence on touchdown plunges, Fritts' 82 yard rushing effort against a rock-ribbed Houston defense was the best outing of the season by a Bengal running back.

"I'd like more playing time," says the Oak Ridge, Tenn., native, who feels he is improving quickly enough to challenge for a starting spot.

Fritts has provided a lift to a sometimes-sputtering Cincinnati running game. One of a 10 rookies to crack the veteran roster, he has 79 carries for 293 yards.

"He's what I call a detail, 'gut' player," says Bengals backfield coach Jack Donaldson. "He carries out every little detail all the way. Completely. I admire it."

Marquette Clobbers Wisconsin

The Circleville Herald, Wednesday December 17, 1975 19

By THE ASSOCIATED PRESS
Sometimes the coach is the last one to know. Marquette has been ranked in the top 10 since the beginning of the college basketball season but its coach, Al McGuire, isn't convinced. Not yet.

Tuesday night, McGuire's Warriors did some persuading and they almost had their hard-to-please coach believing.

"For the first time I am beginning to think we deserve to be in the Top 10," McGuire said after Earl Tatum's 26 points led third-ranked Marquette to an easy 78-54 victory over previously unbeaten Wisconsin. "We didn't expect to blow them out that way."

In other games involving Top 20 teams, seventh-ranked Cincinnati buried St. Joseph's of Indiana 120-49; No. 10 Louisville dumped St. Louis 87-71, and No. 11 Alabama whipped

Athletes in Action 91-69.

Tatum hit eight field goals as Marquette solved the Badgers' zone defense, building a 42-21 first-half advantage and coasting to its fourth victory in as many games.

"Marquette is an exceptional ball club," said Wisconsin Coach John Powless.

Cincinnati hit almost 70 per cent from the field in the first half and tossed in 55 field goals as the unbeaten Bearcats rolled to their seventh straight victory.

Cincinnati Coach Gale Catlett called it "one of the most efficient games played since I've been here." And with good reason.

The Bearcats connected on 12 of their first 13 shots to forge a 30-4 lead en route to their highest point total since 1960. It was their 40th consecutive home victory.

Brian Williams, who had 20 points, was one of six Cincinnati players in double figures.

Ricky Gallon scored 16 points and grabbed 11 rebounds to lead Louisville

Denver Turns Back Cincinnati Stingers

DENVER (AP) — Denver's Barry Legge broke between two Cincinnati defenders after taking a pass from Mark Lomenda and goalie Bob Johnson to score and give the Spurs a 3-2 overtime victory over the Stingers in World Hockey Association action Tuesday night.

Cincinnati opened the scoring in the first period on rookie Claude Larose's 18th goal of the season, a slap shot from 10 feet in front of the Denver net.

Rick Dudley tipped in a rebound from in front of the net at 16:15 of the second period to give Cincinnati a 2-0 lead.

In the third period, Rick Morris put the Spurs on the scoreboard at 8:39. Ralph Backstrom then took a breakaway pass from linemate Jim Sherrit and beat goalie John Kiely to even the score at 2-2 and send the game into overtime.

Denver is now 11-16-1 and the Stingers 13-15-1.

past St. Louis. "Gallon played better tonight than any game this season," said Louisville Coach Denny Crum.

St. Louis challenged briefly in the second half, closing to 43-37, but Louisville, 4-1, then wrapped up the game with a run of nine straight points.

Gallon, a 6-foot-11 sophomore hitting 70 per cent of his field goal attempts this season, controlled the backboards and connected on eight of 10 shots.

Two second-half scoring binges, led by freshman Keith McCord and T. R. Dunn, lifted Alabama to an easy victory over Athletes in Action.

Alabama, leading 41-34 at the half, broke the game open early in the second half, outscoring Athletes in Action 21-10 as McCord contributed eight points.

Alabama was led by Dunn's 18 points. Tim Hall had 28 points for AIA.

In other games, it was Army 73, Adelphi 64; Penn State 65, Kent State 63; Canisius 99, Buffalo 66; Florida 99, Missouri Western 70; Clemson 59, Jacksonville 54; DePaul 92, Lewis 62; Michigan St. 81, Northern Michigan 65; Washington State 99, Southwest Louisiana 65, and Southern Methodist 94, New Mexico St. 87.

Flames Top Scouts, 3-1

ATLANTA (AP) — The Atlanta Flames have extended their unbeaten streak to six games with an easy triumph over Kansas City, and Coach Fred Creighton compared his club's torrid stretch to that of a golfer.

"You go back over the games and you see different people chipping in on different nights," said Creighton after his Flames whipped the Scouts 3-1 Tuesday night in the only National Hockey League game played. The victory moved Atlanta to within five points of second place in the Campbell Division.

Hilliard Graves, Claude St. Sauver

and Gerry Meehan did the damage for the Flames, each scoring a goal.

Second-period goals by Graves and St. Sauver snapped a 1-1 tie and sent the Flames to their fifth victory in six games. The other ended in a tie. It also brought Atlanta's record to 7-1-1 over the last nine games.

"It's like in golf," said Creighton of his club, which started the season slowly but now has a 15-13-3 record. "You hit a good shot and then you're probably going to hit three or four more good ones. Then you can't wait to get to the next tee. The guys are starting to believe in themselves."

Crum Denies Plans To Leave Miami

ORLANDO, Fla. (AP) — Dick Crum, who has a compiled a 20-1-1 record in two seasons at little Miami of Ohio, denied reports Tuesday that he is considering moving to another school.

Crum made the remarks as his 11-1 Redskins were preparing for Saturday's Tangerine Bowl encounter with South Carolina.

Asked if he has been contacted by officials from other schools, the former Miami defensive coordinator said "the next call I receive will be the first this year."

He added, "I'm not looking to leave Miami. Everything's speculation and I hate it."

Petty Road Victorious In Latonia Feature

FLORENCE, Ky. (AP) — Petty Road posted a wire-to-wire victory in the feature race at Latonia Tuesday night, winning by a neck in 1:48 2-5 to pay \$6.80, \$4.00 and \$2.80.

Call Me Happy finished second and returned \$4.00 and \$2.40. The show horse was Crafty Tim Tam at \$2.40.

Name Top Horses In Racing Divisions

COLUMBUS, Ohio (AP) — Hambletonian winner Bonefish and Silk Stockings, the top money-winning pacing mare ever, are the 3-year-old Harness Horses of the Year, the U.S. Trotting Association announced today.

Bonefish was named the 3-year-old Trotter of the Year and Silk Stockings best in the 3-year-old pacing category in nationwide balloting by members of the U.S. Harness Writers Association.

FOR THURSDAY
ARIES (Mar. 21 to Apr. 20): Branch out to some extent. Realize your limitations, however, so that you won't overreach your mark. Good judgment needed.

TAURUS (Apr. 21 to May 21): Some misleading influences. Take no promises for granted. Get everything in writing and, above all, be cautious in dealing with strangers.

GEMINI (May 22 to June 21): Your impressions about certain acquaintances will be valid, but don't spread the word. Some information is best kept secret.

CANCER (June 22 to July 23): Delays and obstacles may be the order of the day but such challenges can boomerang in your favor if you stress your determination — and foresight.

LEO (July 24 to Aug. 23): Being in the right place at the right time could be the key to a new opportunity or an adventuresome experience on this highly stimulating day. Keep all senses alert.

VIRGO (Aug. 24 to Sept. 23): A day in which a personal ambition can be happily fulfilled. You finally get the backing you wanted — and needed.

LIBRA (Sept. 24 to Oct. 23): You may hear some idle talk. Be analytical and sift through all the wordage until you ring the bell of tact. Then, and only then, take any needed action.

SCORPIO (Oct. 24 to Nov. 23): Discretion should be day's watchword. Keep disposition even in order to cope with the ruffled ones you meet — and there may be several.

SAGITTARIUS (Nov. 23 to Dec. 21): Going it alone will not be the answer now. There are definite areas where you will have to associate with, plan with others. Teamwork!

CAPRICORN (Dec. 22 to Jan. 20): Some plans may have to be changed whether you like it or not. Be composed, however, for you may well profit by the change. Keep your sense of humor sharp.

AQUARIUS (Jan. 21 to Feb. 19): A good time for some introspection. Through a reflection, you will get a clearer view of the road ahead, to make plans for further accomplishment and satisfaction.

PISCES (Feb. 20 to Mar. 20): Don't let emotions dictate your actions — a tendency now. In all situations, face facts and be realistic, objective in thinking.

YOU BORN TODAY are innately energetic, can be a "ball of fire" when the urge takes over; are concise, skillful and effective in endeavors. You were born to do "big" things, are never satisfied with the mediocre. You are highly perceptive and inventive; would make a brilliant business executive, head of a corporation or financier. Your gift for mediation and your powers of persuasiveness help you make an outstanding arbiter or negotiator; are also helpful assets to a legal career. In the professional world, you could also choose science, music, literature or playwriting as a life work. Curb tendencies toward selfishness and too great a desire for comfort and luxury. Birthdate of: Edward MacDowell, Amer. composer.

NEW YORK (AP) — I hate to keep grumbling about new series, but CBS' new "Blue Knight" cop show tonight may prove the third reason to read a good book or start sleeping at 10 p.m. EST on Wednesday nights.

The two other reasons are ABC's "Starsky and Hutch" cop series and NBC's "Petrocelli" lawyer series, which compete with the CBS offering.

"The Blue Knight," starring George Kennedy as Bumper Morgan, a street-wise veteran cop, is based on the book of the same name by Joe Wambaugh, a fine writer and a former Los Angeles cop.

Wambaugh, billed as a script consultant for the CBS show, created what I consider a very good cop series, NBC's "Police Story," which later begat a spinoff called "Joe Forrester," also on NBC.

"Forrester," with which Wambaugh has no connection, according to NBC, is basically a less forceful version of the Bumper Morgan character, an old pro who thinks there's no substitute for pounding a beat on foot.

Unfortunately, "The Blue Knight" comes on as little more than a carbon copy of "Joe Forrester," and not a good one at that.

Like Joe, Bumper prefers to work alone, likes kids, has many street-level "snitches," or informants, to call on, hates those who prey on the weak or the poor and is not above roughing up lowlifes to get information that'll help him make the big arrest.

When "The Blue Knight" first appeared on NBC two years ago as a four-part special starring William Holden, it was a tough, gritty, realistic program that really gave you an idea of a cop's life.

But tonight's version on CBS doesn't. It's a one-dimensional effort involving a young, well-dressed, psychotic thief whose specialty is burglarizing hotel rooms of people who are attending conventions.

The thief (Tony Geary) gives an indication of how sick he is when, during one burglary, he whips out a switchblade and cuts the head off a teddy bear lying on a bed.

Bumper Morgan arrives during the subsequent police investigation, is shown the decapitated teddy bear, and remarks, "Whoever did this is no ordinary hotel creeper, that's for sure."

It turns out the psycho is separated from his wife and young son, wants desperately to return to them, but she says no. So he freaks out whenever he sees a boy his son's age, or anything that reminds him of his son, like a teddy bear.

Of course, he meets a young boy Bumper has befriended. The kid is from an unhappy home, which Bumper is trying to make happy. When the kid disappears and Bumper learns the psyche had met the lad, he fears the worst and goes all out to catch the villain.

SERTOMA SPEAKER — The guest speaker at Tuesday's meeting of the Pickaway Plains Sertoma Club meeting was Matthias Wedepohl (left) a 16-year-old exchange student from West Berlin, Germany. He is shown with program chairman the Rev. Robert Michelfelder of Ashville. Wedepohl, who attends Teays Valley High School and is staying with Mr. and Mrs. Charles Stewart, explained the differences between his country and the United States.

Judge Ponders Moore Sentence

SAN FRANCISCO (AP) — The federal judge who let Sara Jane Moore plead guilty to a charge that she tried to kill President Ford says he wants to find out more about whether she was involved in a conspiracy before passing sentence.

U.S. District Court Judge Samuel Conti, canceling Miss Moore's scheduled trial, said Tuesday he was convinced that her last-minute change of plea from innocent to guilty was "voluntarily, knowingly and intelligently given."

But he expressed concern about Miss Moore's refusal to say under oath whether anyone encouraged her or helped her plan the attempted assassination of Ford before Sept. 22, the day she fired a shot at the President.

"I'm not completely satisfied with some statements she made as to who assisted her in forming her intentions to commit this act," said Conti.

The judge urged her to give probation officers further information on the possible involvement of others in the attack on Ford. Such a disclosure, he said, "could assist in possible mitigation of sentence."

Conti said he would sentence Miss Moore on Jan. 15. He has the option of sending her to jail for any term up to life.

Her attorney, Public Defender

James Hewitt, urged the judge to order a jury trial at which he could provide Miss Moore with a defense of insanity or diminished capacity. "I think the case was very defensible," Hewitt said later.

But Conti declared: "The court finds that, after reviewing all of the evidence, a jury of reasonable minds could find the defendant guilty as charged and there is a factual basis for the plea."

Miss Moore, a matronly bookkeeper who turned FBI informer and infiltrated the radical underground, showed no reaction to the judge's remarks.

Police Probe Theft Reports

Circleville Police are investigating the theft of a bicycle and chain saw.

Jim Brown, 239 Nicholas Dr., told police that his 27-inch orange 10-speed Citoh bike was taken from in front of 395 Sunnyview Dr.

The bike is valued at \$112.

Thieves also broke into a storage building at 418 N. Scioto St. to take a chain saw owned by Billy Huffman Sr., Route 4.

The Remington model Super 754 saw is valued at \$171.60.

Williamsport Store Hit By Robbers

Pickaway County Sheriff's Deputies are expected to question a suspect they believe may have been involved in the theft of \$243.65 worth of merchandise from John's Place, S. Water St., Williamsport.

The suspect was apparently involved in several other burglaries at the business, according to investigating Deputy Dan Dewey. However, the thefts were not reported to the Sheriff's Department by owner Rick Hooks, he said.

The building was entered between 1:10 and 10:23 a.m. Tuesday. The thieves dislodged a plywood panel on the rear door that had been held in place by two boards.

Items taken from the drive-thru section of the store included 20 cartons of cigarettes, 19 cases of beer in assorted styles of cans and bottles, and \$25 worth of lunch meat.

Weaver Promoted By DuPont

KENNETH S. WEAVER

Kenneth S. Weaver was recently promoted to foreman in Works Engineering, Circleville DuPont plant.

A 1952 graduate of Circleville High School, he worked with Du Pont's construction group when the local plant was built in 1953 and 1954.

He came with the manufacturing organization in 1964. Kenneth held several positions in manufacturing and was a maintenance planner prior to his promotion.

He and his wife Christine make their home at 119 Mingo Street.

Judge To Consider Election Lawsuit

MANSFIELD, Ohio (AP) — Judge James J. Mayer of Richland County Common Pleas Court says he will consider a lawsuit contesting Mansfield's mayoral election when he returns to the court next week.

Mayer has been away from the court bench because of an illness.

Mansfield Councilman Dan Martin is contesting the election which he lost by 17 votes for alleged irregularities in the absentee ballots.

Martin lost the election to incumbent Mayor Richard A. Porter, who will be sworn in for a second term Jan. 1.
